

A CLINICAL RESEARCH STUDY FOR TYPE 2 DIABETES
WITH CARDIOVASCULAR DISEASE

LET'S HAVE A HEART HEART TO ABOUT YOUR TYPE 2 DIABETES

If you are living with type 2 diabetes, it's time to talk about your increased risk of cardiovascular events.

Currently, the SURPASS-CVOT study is underway evaluating an investigational medication and its potential to prevent major adverse cardiovascular events in those with type 2 diabetes.

In Order to Qualify, You Must:

- ✓ Be at least 40 years of age
- ✓ Be diagnosed with type 2 diabetes
- ✓ Have an established cardiovascular disease*

** coronary artery disease, cerebrovascular disease,
or peripheral arterial disease*

All study-related care is provided at no cost.
