

Eastern Health Intern Rotations

Eastern Health employed 68 interns for the 2017 Intern year. As an Intern you will have the opportunity to rotate through Eastern Health sites of Box Hill Hospital, Maroondah Hospital, Angliss Hospital, Peter James Centre, Epworth Eastern and our rural rotation to Bairnsdale Hospital.

2017 Intern Terms include:

- General Medicine
- General Surgery
- Emergency Medicine
- Renal Medicine
- Urology
- Mental Health
- Rehabilitation
- Aged Care
- Nights / Cover
- Bairnsdale Regional Health Service:
 - Emergency Medicine
 - General Medicine
 - General Surgery

Eastern Health provides a broad Intern Training Program allowing for new graduates to work in a friendly and supportive program, and gain education, training and experience suitable for a wide range of career choices.

Orientation

Eastern Health runs a five day Intern Orientation program, prior to commencement of clinical duties. This award winning interactive program allows Eastern Health interns to start their intern year with confidence. The program is reviewed annually to allow input from the outgoing interns, so that we know we are providing the information that interns need.

For those undertaking a rotation to Bairnsdale, a 3-hour skills session is also provided prior to the commencement of the rural term.
