### **Totally Tobacco-Free**

Eastern Health is totally tobacco-free. Smoking is prohibited within 4 metres of entrances to all Victorian public hospitals and registered community health services, and is not allowed in the buildings or on the grounds of any of our sites, including walkways, entrances and car parks (Tobacco Act 1987).

### **Your choice to be a public or private patient**

During admission to hospital, you will be asked if you have private health insurance and if you wish to use it. If you choose to be admitted as a private patient using your private health insurance, you will not incur expenses from our service and we will manage your private health insurance claim directly with your health fund and Medicare. It is important that you are aware that medical attention and hospital accommodation is determined by medical need and not by public or private health insurance status.

### **How can I say thank you?**

The support and generosity of patients, past and present and their families and friends, helps us to provide additional care for patients. It helps us to purchase extra patient care equipment, support research, and to develop innovative programs which help our patients to receive the highest level of care and comfort available. Donations can be made at the cashier's desk (main entrance) or by contacting the Eastern Health Foundation on 9895 4992.
