

Eastern Health

POSITION DESCRIPTION

Position Title:	Network Engineer
Award Classification:	Administrative Officer HS3
Award / Agreement Name:	Health and Allied Services, Managers and Admin Workers Agreement 2021 - 2025
Position Reports to:	Associate Program Director Network & Collaboration

EASTERN HEALTH – HEALTHIER TOGETHER

Eastern Health is one of Melbourne’s largest metropolitan public health services. We provide a comprehensive range of high quality acute, sub-acute, palliative care, mental health, drug and alcohol, residential care, community health and statewide services to people and communities that are diverse in culture, age and socio- economic status, population and healthcare needs

1. POSITION PURPOSE

The Network Engineer is a member of the ICT Network & Collaboration team responsible for delivering a high level of technical support, development and management of core network, security devices and applications across all Eastern Health sites.

This position will provide expertise and assist with the delivery of the key ICT initiatives and operation maintenance of Eastern Health's network and communications structure. This will include Cisco Core Networking, WAN, LAN, Wireless, Voice, Video and Security, and maintaining the current environment.

2. MAJOR DUTIES AND/OR RESPONSIBILITIES

The Network Engineer will be required to:

Lead

- Assist the Network Manager with development and execution of roadmaps and lifecycle plans for technology platforms
- Strive for sustainable technical and operational Excellence
- Innovate and optimise to provide improved services, more efficiency or reduced risk
- Understand and anticipate business needs and priorities.

Operate

- Identify, mitigate and escalate risks to the efficient, sustainable, reliable and secure operation of the technology platforms.
- Participate in, co-ordinate, and monitor quality of changes affecting the technology platform. Ensure currency of documentation of changes affecting the technology platform
- Participate in problem management, incident management and capacity management processes
- Provide 'hands on' technical support and troubleshooting for all systems within the portfolio
- Provide after-hours network and security support for related issues on an ongoing basis
- Provide escalation support for service desk and other support teams including administrative and other support tasks
- Ensure technology is fit-for-purpose and that the business and staff can efficiently access the capabilities it provides

Standards and Monitoring

- Assist with development, maintenance, and monitoring of technical standards and documentation
- Monitor the network and security infrastructure to ensure compliance with standards, maximum up time to meet service level agreement for all network and security related infrastructure
- Ensure all network and security infrastructure are optimally patched and maintained according to manufacturer's specifications in accordance with lifecycle
- Ensure all network and security infrastructure and software is backed up and protected, with supporting documentation and recovery processes have been tested

Deliver

- Assist the Network Manager with design, build and test activities to create reliable network and security solutions in line with network and security best practices and standards
- Participate in the planning and execution of projects
- Develop, document all new / modified designs and maintain current network and security knowledge documentation
- Align project and other development activities to network and security standards. Apply standards and designs to new project deliverables, identify and resolve or escalate exceptions

Core Responsibilities

- Attend and actively contribute to relevant meetings.
- Identify, mitigate or escalate risks and issues.
- Have a cyber-security focus and cyber security technical and functional acumen. Consider cyber security in all aspects of work, documentation and decision-making. Keep up to date with advances in threat actor intelligence, cyber security controls and solutions that will mitigate cyber security risks and apply this to your role and work
- Be available for after hours on call roster, scheduled and unscheduled (best endeavours) work when required.
- Perform other duties as requested by your direct manager.

3. SAFE PRACTICE AND ENVIRONMENT

Occupational Health and Safety

Eastern Health is committed to provide and maintain a working environment for all staff that is safe and without risk to health. All staff are to take care of their own health and safety and the health and safety of any other person who may be affected by your acts or omissions at the workplace. Understand responsibilities and accountabilities to yourself and others in accordance with OH&S legislation and Eastern Health policies and promote a working environment that is congruent with these guidelines. This includes staff reporting of all clinical and OHS incidents and near misses, in particular those related to Occupational Violence, Manual Handling and Slips, trips and falls.

Staff are required to comply with all state legislative requirements in respect to the Occupational Health and Safety Act 2004 and the Workplace Injury Rehabilitation and Compensation (WIRC) Act 2013.

4. TRAINING AND DEVELOPMENT

Relevant, practical and timely education should direct, facilitate, enhance and support the professional growth and practice of employees in a health environment characterised by change. All programs should endeavour to promote evidence-based practice, a problem solving approach and to be competency based.

You are expected to participate in the personal development process on an annual basis.

5. QUALITY

As a staff member of Eastern Health staff are required to comply with Eastern Health performance standards and participate in continuous monitoring and improvement as part of your role. You are also required to comply with legislation, professional standards and accreditation standards.

As a staff member employed by Eastern Health services you must have and maintain the appropriate skills and knowledge required to fulfil your role and responsibilities within the organisation. In addition, you must ensure that you practice within the specifications of this position description, and where applicable within the agreed scope of practice.

You are responsible for ensuring safe high quality care in your work. This will include complying with best practice standards, identifying and reporting any variance to expected standards and minimising the risk of adverse outcomes and patient harm. In addition, you will ensure that service and care is consistent with the EH approach to patient and family centered care.

6. CONFIDENTIALITY

Any information obtained in the course of employment is confidential and should not be used for any purpose other than the performance of the duties for which the person was employed. Staff are bound by the Information Privacy Act 2000 and the Health Records Act 2001.

7. EQUAL EMPLOYMENT OPPORTUNITY

You agree to adhere to the Equal Employment Opportunity policies and practices of the Health Service. Discriminatory practices, including sexual harassment, are unlawful. The Health Service will not tolerate discriminatory behaviour and any such conduct may lead to the invoking of the Disciplinary Policy and Procedure, which may result in termination of employment.

8. PERFORMANCE DEVELOPMENT

A Performance Review, that includes agreed targets, will occur three (3) months from commencement and then annually on the basis of the duties and responsibilities outlined in this position description. This is an opportunity to review personal and the allocated work unit's service performance, facilitated by the setting of objectives/goals and ongoing evaluation of performance and achievement. Objectives will be developed annually, documented, discussed and agreed with the immediate line manager, who will act as the assessor. The incumbent is expected to demonstrate and show evidence annually of on-going self and allocated work unit's service development.

9. EASTERN HEALTH'S PROMISE

Our promise to our communities, patients, consumers and staff is that we will be **HEALTHIER TOGETHER**. Bolder than a vision for the future, our promise calls us to action. We know that working together is the only way we can achieve what is necessary for a healthier future.

Our values are ones in action and are the behaviours that matter most.

- Respect for all
- Safe always
- Partnering in care
- Learning and improving everyday

Learning from the challenges of the past and looking to the future, we understand that we are building towards a more engaged, more reliable, always safe health service in partnership with our people to improve every day.

10. ATTACHMENTS

- Attachment 1 Key Selection Criteria

11. NOTE

Statements included in this position description are intended to reflect in general the duties and responsibilities of this position and are not to be interpreted as being all-inclusive.

Prior to accepting any offer of employment, prospective employees will be required to read and commit to the Eastern Health Code of Conduct, including (but not limited to) issues of Occupational Health and Safety, Equal Opportunity and Confidentiality.

Vaccination against infectious disease is a mandatory requirement of this role. An offer of employment is conditional on you providing evidence that you are currently vaccinated against COVID-19, prior to commencing employment.
